MADE IN EU design by KD

IT con signwalk siete sempre in movimento: il design intelligente consente di unire 2 pannelli di qualsiasi materiale, per comporre un elegante display per interni ed esterni. Signwalk può essere utilizzato anche per trasportare comodamente tutta la struttura. Il nostro consiglio: quando non lo utilizzate, chiudete i pannelli, in modo che i lati stampati vadano a trovarsi all'interno – per un trasporto o uno stoccaggio a prova di graffio. signwalk viene fornito singolarmente o, a richiesta, con i pannelli in forex di colore bianco.
